Hi Madi,

Attached is a letter from Test America authorizing the posting of their materials. I'll forward the message from ERM when I receive it. Thanks!

Madi,

Per our discussion today, LSS has no objection to the PDI Work Plan, including pages that are marked copyrighted or confidential, being made publicly available by EPA. We will also request that ERM and Test America each send you an email confirming they also have no objection.

Subject: Arkema PDI WP - Post to EPA Website

Hi Mike,

I hope you had a good weekend. I'm hoping I can enlist your help on the following. I'd like to post the Arkema PDI WP to the EPA Portland Harbor public website as we do all Project Area final documents (I plan to post the conditional approval letter with the PDI WP). However, the EPA attorney who reviews the documents to be posted has indicated that there are several pages that we cannot publish because they are copyrighted or marked confidential (see list below). Would it be possible to have something in writing allowing us to publish the documents? Note that we would need the written statement not only from Arkema, but also the entity that marked these pages (e.g., ERM, TestAmerica).

Thank you,
Madi
